

AGI glaspac, established in the year 1972, is engaged in the manufacture of high-quality glass containers to meet the stringent and demanding quality standards of industries across the Globe. AGI is well-positioned as one of the leading container glass manufacturers in India, having two fully integrated states of the art manufacturing facilities, strategically located in South-Central India, one in Hyderabad & the other at Bhongir, INDIA. AGI melts 1600+ tonnes of glass per day. AGI has been successfully supplying glass container packaging solutions to its customers worldwide.
